

## Camera Pass Form for Radford Army Ammunition Plant

### The following guidelines must be followed in order to keep photographic privileges:

- All photographs leaving the installation for public release must be reviewed by the BAE Systems Security Manager and the Army Staff Security Manager
- All internal photographs to the installation do not have to be reviewed by Security but the photographer must ensure they have followed good OPSEC behaviors while taking the photos (no badges, no security cameras, no security vehicles, etc.)
- Do not take pictures of badges, license plates, cameras, gates or security officers
- Security Officers have the right to review all photos on any camera
- Security Officers have the right to confiscate cameras if they feel that camera privileges are being abused. The officer will fill out a DUP-7399 (hand receipt) and give it to the employee. The camera will be placed at Security Headquarters until the investigation is complete
- You must be 50 feet away from buildings when taking pictures in the production area unless pre-approved by the Safety Department

### 18 USC § 795. Photographing and sketching defense installations

(a) Whenever, in the interests of national defense, the President defines certain vital military and naval installations or equipment as requiring protection against the general dissemination of information relative thereto, it shall be unlawful to make any photograph, sketch, picture, drawing, map, or graphical representation of such vital military and naval installations or equipment without first obtaining permission of the commanding officer of the military or naval post, camp, or station, or naval vessels, military and naval aircraft, and any separate military or naval command concerned, or higher authority, and promptly submitting the product obtained to such commanding officer or higher authority for censorship or such other action as he may deem necessary.

(b) Whoever violates this section shall be fined under this title or imprisoned not more than one year, or both.

By signing the below you are acknowledging you understand the before mentioned guidelines and have reviewed the Camera Policy for Radford Army Ammunition Plant (PPS 1.46). Furthermore you understand how to implement good OPSEC practices.

I have read and understand PPS 1.46 (initial)
